This release revises August 30<sup>th</sup> press release with the addition of a new MD hearing on October 3rd.

### **States Schedule Public Hearings on Atlantic Striped Bass Draft Addendum VI**

Arlington, VA – The Commission’s Atlantic Striped Bass Management Board releases Draft Addendum VI to Amendment 6 of the Interstate Fishery Management Plan for Atlantic Striped Bass for public comment. Atlantic coastal states from Maine through North Carolina, including Pennsylvania, the District of Columbia, and the Potomac River Fisheries Commission, have scheduled their hearings to gather public input on Draft Addendum VI. The details of those hearings follow. Massachusetts is still scheduling its hearings; a subsequent release will announce the details of those hearings once they are finalized.

The Atlantic States Marine Fisheries Commission was formed by the 15 Atlantic coastal states in 1942 for the promotion and protection of coastal fishery resources. The Commission serves as a deliberative body of the Atlantic coastal states, coordinating the conservation and management of nearshore fishery resources, including marine, shell and diadromous species.

Draft Addendum VI was initiated in response to the 2018 Benchmark Stock Assessment, which indicates the resource is overfished and experiencing overfishing. The Draft Addendum explores a range of management alternatives designed to end overfishing and reduce fishing mortality to the target level in 2020.

The Draft Addendum proposes management options for both commercial and recreational sectors in the ocean and in Chesapeake Bay in order to reduce total fishery removals by 18% relative to 2017 levels. The proposed measures include reduced quotas for commercial fisheries, and changes in bag limits, minimum sizes, and slot size limits for the recreational sector. Since catch and release practices represent a significant component of overall fishing mortality, the Draft Addendum also explores the mandatory use of circle hooks when fishing with bait to reduce release mortality in recreational striped bass fisheries.

Draft Addendum VI is available at [http://www.asmfc.org/files/PublicInput/StripedBassDraftAddVI\\_PublicComment\\_Aug2019.pdf](http://www.asmfc.org/files/PublicInput/StripedBassDraftAddVI_PublicComment_Aug2019.pdf) or via the Commission's website at <http://www.asmfc.org/about-us/public-input>. Fishermen and other stakeholders are encouraged to provide input on Draft Addendum VI either by attending state public hearings or providing written comment. Public comment will be accepted until **5 PM (EST) on October 7, 2019** and should be sent to Max Appelman, Fishery Management Plan Coordinator, 1050 N. Highland St, Suite A-N, Arlington, VA 22201; 703.842.0741 (FAX) or at [comments@asmfc.org](mailto:comments@asmfc.org) (Subject line: Striped Bass Draft Addendum VI).

If your organization is planning to release an action alert related to the Draft Addendum, please contact Max Appelman at [mappelman@asmfc.org](mailto:mappelman@asmfc.org) prior to its release. The Board will meet at the Commission's Annual Meeting in October to review public comment and consider final approval of the Addendum.
